OUR FOOD PHILOSOPHY

Our philosophy behind the café is to offer a more conscious and healthy lifestyle by bringing more sustainable and nutritious food to our guests. We source ingredients from local organic farms, which allow us to keep the highest standards of quality. Therefore we change our menu daily according to harvest, just like at home! We aim to not only serve better tasting food but also more nutritious and natural – food for the body as well as for the soul.

TAKING OLD TRADITIONS

We apply age-old techniques (that are mostly abandoned today as they are time-consuming) of pre-soaking, fermenting, cooking at low temperature, steaming and dehydrating. Through these methods we optimize their taste, digestion and nutrients assimilation. We thrive to keep our food organic while offering vegan choices. Our menu is sugar-free and dairy-free, with raw and gluten free options. We're famous for our smoothies and juices, all vitamin-packed, using locally sourced fruits and vegetables, organic super foods and homemade nut milks.

ORGANIC GROCERY

Take some healthy organic treats back home! Discover our hand picked healthy snacks, from hazelnut butter to artisanal chocolates, and a selection of cooking accessories and utensils such as Falcon, Bkr water bottles, and much more. Our grocery section also offers a selection of dry and fresh homemade products such as Wild & The Moon crackers, granolas & kale chips.

THE FOUNDER

Emma Sawko is a true Parisian. So when it comes to design, fashion or food, she knows what's up. Over the past decade, this cosmopolite Frenchy has built a reputation as a global tastemaker in Paris, New York and Dubai. Curator, director and co-founder of Comptoir 102, a favorite of international travel guides and fashion magazines, the lifestyle concept store has quickly established itself as one of the best in the city.

Emma's move to the Middle East in 2010 provided her with an opportunity to further develop her creative talents, she felt there was a real need in the market for Western trends, young designers and a more innovative retail model as well as for healthy food concepts. With Comptoir 102 Emmanuelle wanted to offer an entirely new shopping experience. She is also at the origin of the food concept of Comptoir102, which started a trend throughout the city for healthy and organic food. Emma currently lives between Paris and Dubai. In everyday life, Emmanuelle enjoys cooking hearty meals for her friends and family, and loves design, fashion and contemporary art, which she hopes is reflected in Comptoir 102.
